The large fire last night was not in the Northern Railroad depot, but in the timber yards adjacent.

ST. CROIX FIRED AND IMPROVED FOR ABANDONING GAMBETTA.

The measures adopted by the government to-day to prevent a repetition of the scenes of yesterday and Thursday at the western depot on the occasion of the departure of the Deputies' train proved effective. De St. Croix was brought before the police court to-day for assaulting Gambetta. He was sentenced to six months imprisonment and pay a fine of 200 francs. He also ordered to pay the costs of the trial. He declined legal assistance. The other rioters arrested on Thursday were sent to prison for terms ranging from one week to a month.

BONAPARTIST VIOLENCE.

PARIS, June 13.—It is reported that the violence of the Bonapartists the past few days was a conspiracy to bring about a dissolution of the Assembly, and the special to the country of the President, Saint Croix, will be arranged before the police court to-day for his assault upon Gambetta.

THE FRENCH ASSEMBLY.

PARIS, June 14.—The Constitutional bill prepared by the Left Centre will be introduced into the Assembly to-morrow, and urgency demanded for it. Whether an alliance has been effected between the Right and Left Centres cannot be known until the bill reaches a vote. The moderate Left will support the motion for urgency notwithstanding its antipathy to the recognition of the Assembly's constitutional power, because it desires to secure some power for the Republic against the Bonapartists.

ITALY.

MADRID, June 13.—The *Imparcial* says that in the event of the death of the Pope, the Spanish government will in the election of his successor claim the privilege of the veto formerly accorded to the King of Castile.

Crop Reports.

INDIANAPOLIS, June 13.—The following is a synopsis of the leading information published by the *National Crop Reporter* to-day. Reports from correspondents dated June 1st indicate a severe drought prevailing in nearly all portions of the country east of the Rocky Mountains as far as New England, with more or less damage to the growing crops in most sections. Since the date of these reports there have been very general rains throughout the country, and it is thought, enough to check all damage on the score of drought. The conditions of the growing wheat in the States of Illinois, Indiana, Iowa, Kansas, Minnesota, Missouri, Ohio and Wisconsin was nearly three per cent above a good average; in Illinois and Missouri the condition of the wheat was very high; in Iowa five per cent above an average and in the other States below the average. The condition of the crops in the same State at the date mentioned was 6 per cent below a good average, Missouri being the only State reporting above an average. The estimates in relation to the area sown this season in barley indicate in the States previously mentioned an increase over last year of 260 acres, and the area this year in round numbers is 550,000 acres. There is an estimated falling off this season in the rye area averaging in some States 3 per cent, or 10,150 acres. The area this year is placed at a trifle less than 37,000 acres.

Special returns in relation to the tobacco crop in Kentucky, Southern Ohio, Indiana and Tennessee and such other States the outlook a very bad one. Aside from the late frosts, the bug, fly and other insects have been very destructive. No transplanting had been done up to June 1st, the ground being too dry. It seems to be a general opinion among growers and dealers that the prospects are not in favor of more than half to two-thirds of last year's crop. Much damage is reported by the potato bugs, which are evidently increasing in numbers. Comparatively little damage is reported by the chinch bugs, and there is no extensive destruction by grasshoppers.

Arrested for Stealing Public Funds.

ST. LOUIS, June 14.—George W. Grayson, Sheriff of Clay county, Arkansas, has been arrested here charged with absconding from that county with \$4,000 of the public funds. He left for Arkansas to-day in charge of officers from that place. Grayson denies the embezzlement and states that the charge against him is a piece of persecution growing out of the Brooks and Baxter difficulty, he being a Brooks man. That an attempt was made some days ago to assassinate him, and that he came here on business and intended to return home in a few days.

Salt Lake Matters.

SALT LAKE, June 13.—No demand has yet been made by the city authorities of the military for the surrender to them of the soldier taken forcibly from the jail by military order, although it is stated that he would be delivered if application should be made.

A company has been incorporated here to build a road from Salt Lake to Coalville, thirty-five miles, which would give a more direct connection with the Union Pacific railroad through the mining districts and coal fields.

The International Race.

PARIS, June 14.—The great international race for the grand prize of Paris was run to-day, and was won by the English colt Trent, Salsbelle second, English colt Tomahawk third and Bienville fourth. Fourteen ran. The betting at the start was 4 to 1 against Trent, 6 to 1 against Salsbelle, and 7 to 1 against Tomahawk and Bienville.

THERE was no police court matinee Saturday.

The Supreme Court will not be in session to-day.

WE have had no temperance meeting for one week.

The Waverly Literary Society holds a special meeting to-night.

HAVEY'S MINISTERS perform in the Opera House on the 23d inst.

The regular monthly term of the Municipal Court commences to-day.

The St. Matthews Festival on Friday night realized something over \$160.

In this hot weather, a common cry goes up for "some boundless contiguity of shade."

ADMITTED TO PRACTICE.—Lyman Cole, Esq., was admitted to practice in the Supreme Court on Saturday.

The elephant is said to be dying out. Young men will take warning, and see him on every possible occasion.

THE house blown down in the First Ward by the recent heavy wind has been put in position by Mr. James Norris, the owner.

Eight prisoners had been gathered in by the deputies up to last evening. The docket at the police court this morning will be a heavy one.

The Sunday News yesterday announced that Major Sweeney had left the city the day before for Charleston. The Major told us about 11 o'clock last night that "Spiv" was several days ahead of time.

IDENTIFIED AT LAST.—By the photographs of Tom Collins published in the Sunday News the gentleman has finally been identified as the man who works for J. M. Gonter. Silvey can have him by calling at 1209 McCulloch street.

BRIDGEPORT ITEMS.—Prof. Taylor has been re-elected Superintendent of the public schools of Bridgeport.

On Friday evening, as Mrs. Adam Jenkins was engaged in peeping a room in her residence, she fell from a step ladder and broke her left arm above the wrist. Mrs. Jenkins is an aged lady. Dr. J. M. Todd is attending her.

A WORD TO THE BOYS.—One of the rights which boyhood claims is that of "going in swimming" whenever he can strike a piece of water large enough, if weather permits. This is universally conceded to Young America, and it should be with caution that any one attacks this time-honored and universally acknowledged right.

But others have rights, and the urchin as he sheds his outer coating and plunges into the river, should remember that he is not in an aboriginal country where clothing is an aristocratic weakness, and that he is laying himself liable to the law, which may come around the corner in the shape of a policeman at any hour. He should therefore take warning and go to some secluded place when he desires a paddle in the water, and not select some point open to the inspection and the criticism of the public at large. These remarks are suggested by observing every evening, long before dark, hundreds of boys bathing on both sides of the river near the suspension bridge, in full view of the many persons going to and returning from the city.

BASE BALL.—A return match game of base ball was played last Saturday afternoon by the Modoc and Blackfoot B. B. Clubs, both from the Top Mill. The Blackfoots were ahead during the first part of the game, and it was generally thought would keep on; but "Capt. Jack" of the Modocs couldn't stand the idea of getting beat, and gave his command that he expected every Indian of his tribe to do his duty, and after that every one of them was true to his hit and catch, and at the end of the ninth inning the score stood as follows:

MODOC.	O. R.	BLACKFOOT.	O. R.

A BUTLER STORY.—Yesterday morning one of our most stylish young ladies walked into church with that inimitable grace that is at once the peculiarity and the charm of the female denomination. As she took her seat, by a little behind hand movement, she arranged her over-skirt and then settled herself to meditate upon how she looked, and to observe what the other girls had on. The services concluded, she arose to go out. Alas for human hopes! That last touch on the over-skirt was too much; she threw it too high, and there it rested on an old muff, which was serving as a bustle. So this wretched girl wiggled away, unconscious of the joy that filled the hearts of the other girls that saw it.

DIDN'T JUMP.—That individual of "Philadelphia cream pop" notoriety, extensively known as Col. J. Napoleon Little, had announced in the city papers that he would at 7 p. m. Saturday jump into the Ohio river from the highest point of the suspension bridge. Consequently, long before the hour mentioned the bridge and streets in that vicinity were thronged with little folks anxious to see the pop man dash himself into fragments in the raging Ohio. But "Pop" had attracted a crowd, as he desired, and calmly continued to wait on his many customers without the remotest idea of risking his life and depriving humanity of "Philadelphia cream pop."

MARTIN'S FERRY.—The ubiquitous Collins appeared in Martin's Ferry as a building contractor and stock dealer. Hugh McCord, Esq., hunted him for half a day, understanding that he desired to purchase a large quantity of brick. Charley Seabright was very anxious to contract with him for a large amount of stone work; while Stewart Waddle learning that he was from Pittsburgh and a dealer in fine horses, sought him every where with a view of absorbing from his pockets the value of a fine horse which he has on sale in that city. Waddle wonders why the Wheelingites can't get up something original.

RESIDENCE BURNED.—About 2 o'clock Saturday morning the residence of Jacob Wright, Esq., at Belmont, Ohio, was discovered to be on fire. The building was frame, and burned rapidly. It was entirely destroyed, together with the contents, excepting a few pieces of furniture saved from the first floor. The house was worth probably \$3,500, and insured for \$3,500 in the *Atlas*, of Hartford, Connecticut. The fire originated in the pantry, but in what manner is not known. Mr. Wright is the father of Mr. Amos Wright, the general jeweler at Lash's establishment in this city.

PERSONAL.—D. B. Hodges, agent of Havey's minstrels, is stopping at the McLeure.

Constable Richardson has been quite ill for the past week at his residence on the Island. We are glad to learn that he is improving.

Prosecuting Attorney Orcastrat leaves for Chicago on the 1 p. m. train to-day. He will be absent about ten days.

Hon. Daniel Donehow, of Hancock county, is stopping at the McLeure House. Dr. J. C. Hopp and wife returned home from Michigan yesterday.

A BRUTAL ATTACK.—On Saturday night last, between 10 and 11 o'clock, three men who had just come out of the "Atlas Exchange" attempted to commit a rape on a young colored girl whom they found passing up the railroad. But for her screams and the protection she found in a neighboring house during the night, they would have accomplished their purpose. The brutes should be hunted up and identified by the girl and given 20 years each in the penitentiary.

INSANE.—James Forbes, of this city, has become insane at Columbus, Ohio. About two weeks ago he went to that place and obtained a situation in a crockery establishment. He had been acting rather strangely for some days, and on Saturday evening became dangerously insane. He was placed in the city prison for safe keeping, and his father, who resides here, was telegraphed for.

POLICE COURT.—There was but one case before the police court Saturday morning.

George Boyce was disorderly on Jacob street, East Wheeling, Friday morning. He went to the chain gang because he couldn't raise \$30 and costs.

BELLAIR.—In Friday's issue we referred to an irregularity in the distribution of mail matter at our office. Further investigation has developed certain facts of which we were not aware. Our remarks were based upon what we considered reliable information without intent to misrepresent matters. We find that we were mistaken and hope that our friends will overlook the matter and give themselves no further trouble.

Hon. C. L. Poorman delivered a very powerful and eloquent address at the temperance meeting held on Friday night at the M. E. Church. He handled the license question in a very logical manner.

Yesterday between 4 and 5 o'clock a. m., a slight fire originated in John Cary's house at the south end of Gurnsey street. But little damage was done, the fire being promptly extinguished by the family.

The Harris Bros. are frescoing the fine residence of Jacob Heatherington, Esq., on Pike street, South Bellaire. These parties also did the fresco work on the M. E. Church and the Christian Church, both of which are very creditable jobs. W. S. S.

SUPREME COURT.—In this court, Saturday, an appeal was allowed in the case of Parker, Beale and others against Ruffner, Donnelly and others from Kanawa county.

A writ of error was allowed in the case of John G. Newman against Charles Molohan, from Kanawa county.

The case of Edward Tracewell, &c., against E. C. Boggs, &c., from Wood county, was argued and submitted. Hutchinson for appellant and Rogers for appellee.

The case of Louis Selfrick against Daniel R. Neal, &c., from Wood county, was argued and submitted. Scott and Cole for appellant and Hutchinson for appellee.

The case of P. Whitman against William Boyers & al., from Ritchie was continued.

Adjourned until to-morrow at 2 p. m.

SLIGHT FIRE.—About half-past three o'clock Saturday afternoon an alarm of fire was sounded from the First Ward. Several steamers were soon on the street, and proceeded to the Superior Machine Works, where a shed connected with that establishment had caught fire. The flames were extinguished by means of the hose in the works before the arrival of the engines. How the fire originated is not definitely known. The damage is considerable.

TO BE EXAMINED TO-DAY.—Maj. Carman, charged with the abduction of Emma Spedel, the particulars of which we gave in Saturday morning's issue, will be examined by the County Court to-day. This court, it will be remembered, is merely an examining court in felony cases, and decides whether they go before the Circuit Court for trial.

BEFORE 'SQUIRE MCCORMICK.—Margaret Morgan on Saturday complained before 'Squire McCormick that Mary Morrison "did unlawfully, but not feloniously, injure, deface and break open a door, the property of said Margaret Morgan, contrary to the statute of West Virginia in such cases made and provided." Mary was arrested.

MURDER IN THE SECOND DEGREE.—The trial of Christian Waller, charged with shooting Jacob Hanks in Bridgeport some time last fall, was concluded at St. Clairsville on Friday. The jury returned a verdict of murder in the second degree. We have not heard the sentence of the court. Both parties lived in this city.

CHURCH ITEMS.—There were no services at the Second Presbyterian and St. Matthew's Churches yesterday.

Rev. Pallister, pastor, preached at the Disciples' Church yesterday. Subjects: Morning—"The Widow of Jerusalem and Her Two Mites." Evening—"The Rich Fool."

FOR ONE YEAR.—Rosa O'Brien was taken before 'Squire Kammer on Friday night to answer a peace warrant sworn out by Franz Held. The Justice required her to give bond in the sum of \$500 that she would be of good behavior for one year. The surety was found.

COUNTY COURT.—The County Court met Saturday afternoon at 2 o'clock, but without transacting business of importance adjourned until 9 a. m. to-day.
